

Digital Solutions Proposal

Active Interest Media

June 17, 2026

eMagazines' digital edition and audio solutions use the latest technology, have a best-in-class user experience, and have the fastest and most dynamic service standards in the industry. We offer services that put the publisher in control of their digital strategy from beginning to end.

eMagazines Solutions & Services

- Mobile optimized and replica editions – Each issue is transformed into a beautiful reading experience optimized for mobile devices
- Viewable on all devices and browsers. Platform automatically adjusts to the device used by the consumer (desktop, tablet or phone)
- Customizable, branded **NEW** issue notification emails if needed
- One-click access: No app to download and no login required
- Secure Content Fulfillment – content is secured and tied to subscriber emails
- Branded Progressive Web App with offline reading and support for home screen bookmark on a mobile device
- Branded digital edition library with full search across all issues available
- Audio articles for new issues included
- Access to the eMagazines distribution API (for 3rd party integrations – fulfillment and/or paywall system)
- High Performance AWS CDN hosting
- Full Support Services (publisher and end users) and Reporting/Analytics
- Optional support for Apple News+ – managing the ANF production workflow if applicable
- Optional support for Native iOS branded Apps – Including the transition away from existing Native Apps to direct web-based fulfillment
- Optional custom landing pages (ELPs) to support digital only, print or Print + Digital offerings (eCommerce and Digital subscription management included if needed)
- Optional Archive Solution w/ custom domain for paywall access on publisher's website
- Additional revenue opportunities through hoopla Digital library program and eMags Unlimited service

eMagazines Fees and Pricing

Branded Native App(s) for iOS (iPhone & iPad):

- Pricing for 7 Branded iOS Apps (Fine Gardening, Fine Woodworking, Fine Homebuilding, Threads, Woodsmith, Writer's Digest, Popular Woodworking)
 - \$250 one-time setup fee for each branded iOS App
 - \$300/month hosting, service and support fee per iOS App for up to 12 new issues per year
 - \$275/month hosting, service and support fee per iOS App for up to 6 new issues per year
 - Pricing includes matching the back issue replicas currently available in each App
- User Authentication & Purchase Restoration:
 - All existing in-app subscribers can restore past purchases of single copies and subscriptions.
 - Users will need to Restore Purchases on launching the new app build to retrieve their content, though billing remains unaffected.
- Reading Modes:
 - Supports both replica and article reading modes (consistent with mobile digital edition article styling and themes) for new issues
 - Includes audio narration of articles for any reflowed issue
- Monetization:
 - Sell single issues (current and back issues) and subscription offers in-app.
 - Subscriptions can be 'traditional' (new issues only) or all access. Subscriptions can include free or paid/step-up trial offers.
- Messaging:
 - Push notifications on release of new issues
 - Rich in-app messaging – popup image advert for house messaging, e.g., 'start your trial subscription today', or advertiser messaging.
- Additional Features:
 - Optional Web RSS news feed section if requested.
 - Support for Featured Articles.
 - Support for in-issue article search functionality.
 - Table of Contents access via an icon in the lower left-hand corner.
 - Ability to add Podcasts and Video Streams via RSS feeds (e.g., linking to a page on the brand's website for content viewing).
- Reporting & Analytics:
 - Includes reporting on downloads, purchases, sign-ins, and engagement metrics.

Pricing is valid for 60 days.

Optional Add-On Services

Custom Landing Pages:

- \$150 one-time setup fee/landing page
- \$100/hour for any custom design and development
- Hosted by eMagazines with option for custom domain (e.g., order.yourdomain.com/subscribe)
- Fully branded or co-branded pages
- Supports multiple subscription and title options
- All end user data collected securely sent to publisher
- If applicable, can connect with CDS (or another fulfillment vendor) gateway (eCommerce fee below applies)
- 10% eCommerce fee for all transactions (net of any credit card fees if applicable)

hoopla Digital Magazine Program:

eMagazines is powering the hoopla digital magazine program that will be accessible and marketed through hoopla's media platform for libraries across North America. Patrons of all hoopla partner libraries will receive secure access to a selection of digital magazines. eMagazines will track unique current issue opens for each participating magazine and be responsible for payments to Publishers.

Revenue to Publisher: \$.25/unique open of a current issue

Payment Terms and Reporting: Revenue payments for each month will be paid to Publisher once eMagazines has received payment from hoopla digital. eMagazines will also send the number of unique current issue opens with each payment.

eMags Unlimited Subscription Program:

eMags Unlimited is a program with unlimited access to participating digital magazines for customers paying the monthly program fee. The fee varies depending on the partner, with expected ranges between \$4.99–\$7.99 per month. Customers will receive secure access to a selection of digital magazines. The issues opened by active customers may be reported as Multi-Title Digital for AAM purposes. eMagazines will track unique issue opens for each participating magazine and be responsible for reporting and payments to Publishers.

Revenue to Publisher: \$.25/unique open of a current issue

Pricing is valid for 60 days.
